

The selected flooring similar to Omnisports Compact must be available in 2m wide roll.

The product formulation **does not contain phthalate-based plasticizer**. It is built on a calendared backing layer made of recycled vinyl flooring material. It contains over 32% recycled material.

The vinyl floor covering is reinforced with a non woven fiber glass mat.

The **wear layer** is reinforced with UV photo-crosslinked polyurethane Top Clean XP™ applied in factory. The product must offer the **same top embossing between solid and wood designs**.

The total thickness should be at least equal to 2mm.

The product should offer resistance to **static indentation lower than 0.10mm**.

It offers a **dimensional stability lower than 0.10%** according to EN ISO 23999. **The resistance to wear should be <0.2g** according to EN ISO 5470-1.

The **fire resistance** according to EN13501-1 should be at least **Bfl-s1**.

The product must not **trigger any disease related to asthma and allergy** and should be covered by the **Seal of Approval delivered by Allergy UK standard**.

Its emission rate of volatile organic compounds in air is very low, measured after 28 days according to EN standard 16516. Close to zero emission (quantification limit), **TVOC, TSVOC and formaldehyde emissions are below 10 µg/m3**.

The product should be **100% recyclable**. The clean off-cuts can be collected, recycled and reused in the production of vinyl floor coverings through Restart® program or similar.

The selected flooring is covered by a specific third-party verified **Environmental Product Declaration (EPD)**, disclosing among other indicators the carbon footprint of the flooring during its whole lifecycle.

The selected flooring is covered by a third-party verified **ingredient disclosure and material risk declaration down to 0.01%w**, thus ensuring compliance far beyond REACH regulation requirements, such as Material Health Statement (MHS).

Product **warranty should be equal or superior to 15 years**.

The installation should be performed in accordance with **local requirements** and in conformity with **manufacturer's installation guide recommendations**.
