# DANCEFLOOR A SUCCESS STORY

## METROPOLITAN BALLET ACADEMY

The Montreal Ballet Academy had just opened a new studio and their focus was now on the most important aspect of it – the dance floor.

As one of Montreal's top ballet academies, the ABM Montreal receives countless dancers throughout the year: from young dancers performing their first pirouettes to professional ballet dancers .

Montreal, Canada

## Project goals

Designed for the stage and studio needs of professionals, with inclusive pricing for everyone.

## Dancefloor

### Area

Colour : Grey

Surface : 900m<sup>2</sup>

## Why chose Dancefloor

Tarkett Sports' Dancefloor has finely tuned properties for confident footing and cushioning to reduce strain and fatigue.

**Safety:** Shock absorption for maximum safety and performance.

**Confort:** withstands continuous foot traffic and daily dance classes.

**Appearance:** Proper friction thanks to its smooth, non-coated surface.

## They share their experience

Since we have Tarkett's Dancefloor, we have seen a decrease in the injuries sustained from our dancers. Having a thicker dance floor provides great shock absorption.
